SELECTMEN NIX LATEST PLAN

The Board of Selectmen, Monday night, turned down the State DPW plan for widening the intersection of Woburn and Lowell Streets. The plan had been the subject of conversation with abutting land owners a week ago.

There was much discussion before the vote, with Jim Miceli saying that the land damages (payable by the town) would run over $100,000. He was for it, if the land were to be given to the town.

Mrs Drew declared that she would not vote for an eighty foot taking of land, and Jim Banda seconded this thought.

While these opinions were being given TM Sterling Morris kept trying to interject an opinion on his own part. He finally succeeded, and suggested a compromise. The board had got to discussing a sixty foot right-of-way as was proposed a year ago, by this time.

Morris wanted the width to be seventy feet, if the board would not vote for an eighty foot right-of way.

130 Youngsters at Kiwanis Speech Clinic

More than 130 children were evaluated for gross speech problems, at the Wilmington Kiwanis Club Speech Clinic, held Nov 18, 19 and 20. The clinic was conducted by Miss Patricia Burns and Mrs Betty Miles. Miss Burns was a member of last year's Kiwanis Speech Clinic. Both are speech therapists in the Medford Public Schools.

The organization of the clinic was under the direction of Harold Garrett, High School Vice Principal, and a member of the Wilmington Kiwanis. The busiest hours, he reports, for the 'clinic team' were from 3:30 to 7:30 pm.

Mrs Phyllis Garrett organized and directed the clinic with the assistance of Doris Traer, Althea Clark, May Bliss, Dorothy Lister Kay Marfleet, Nadine Joseph, Marjory Spear, Andrea Houser, Rita Stone, Florence Polsey, Ruth Wood and Ruth Coursey, all Kiwanis wives.

A record of any problems discovered will be given to Mrs Burns, Director of Special Education for the Wilmington Public Schools. If a child required immediate attention, his parents received a list of referrals for aid.

Penny Wise Pound Foolish?

This column is unhappy about the Selectmen's action of Monday, in turning down a proposal of the State DPW for a new intersection layout at Woburn and Lowell Streets.

This is one of the busiest intersections in town. Lowell Street is already at traffic capacity, and Woburn Street is due to have a traffic count growth in the next few years that is almost beyond imagination.

At the present time there are some few hundreds of employees in the industrial areas at the south end of Woburn Street.

But plans are now being developed that will have not hundreds but thousands of employees in the area. The town will have to face up to those plans, after the employees have arrived. The time to do it is before, not later.

Instead of the state proposed eighty foot layout the Selectmen want to adopt the sixty foot proposal of a year ago.

The State must have had good reasons for proposing an eighty foot layout.

What the Selectmen are balking at is the cost of land damages. That can be understood. The land damages have to be paid by the town, and most assuredly they will be at least $100,000 and perhaps twice that number, if the streets are to be built as the State DPW proposes.

Two dollars on the tax rate - that's what $200 thousand means, and for a Selectman that's terrible news!

No one seems to have wondered what would happen if either Lowell Street or Woburn Street were moved - physically moved - about fifty or seventy-five feet.

The proposal just turned down means that the town would have to pay for land damages at all four corners.

Move one street or the other, and the town would have to pay for damages on just two of those four corners.

At the present time there is a block of stores on one corner. Move away from that block of stores, and towards the open fields. That will save the town money.

Let the intersection of the two streets be fifty feet eastward on Woburn Street, or fifty feet northerly on Lowell Street.

There would be a savings of damages, which is what is worrying the Selectmen.

Secondly, there would be far better traffic control, in the future years, when those controls will be needed.

The town would save money in the long fun. The present idea of a sixty foot lay-out can best be characterized as Penny Wise and Pound Foolish.

Gasoline Licenses

For some years past the Board of Selectmen have had a consistent policy of not allowing any new retail gasoline licenses, in Wilmington. Many individuals have tried for new licenses. Few have succeeded.

And the hottest issue in town, at the moment, is a gasoline license on Main Street, just southerly from Wilmington Square, at the former site of Wilmington Ford. The Selectmen are planning to revoke that license, and have called for a public hearing to show cause why it should not be revoked.

That license is owned by the Gibbs Oil Company, who have bought the former Wilmington Ford place. It has not been used for three years, even though the Town has been paid the usual license fee, each year. The Gibbs Oil Company, it is understood, is an affiliate of the Sinclair Refining Company.

When Wilmington Ford moved to its present location, about four years ago, the Selectmen would only give it a license to store gasoline for its own use, to service its new and used cars.

Then, three years ago, after three meetings between Wilmington Ford and the Selectmen, a license was granted with full priviliges. The vote was three to two, with Mrs Drew and Paul Niles voting No.

Point Number One, about which there is very little argument, is that a gasoline license cannot be transferred from one place to another. It 'stays with the land'.

Point Number Two, about which there can be argument, is that the Selectmen are supposed to have the power to revoke a gas license which has not been actively used for three years. In the Town of North Reading the Selectmen are proposing to revoke a bunch of such licenses, and if the Wilmington Selectmen succeed in revoking the Gibbs Oil license the reader can expect to see more action of the same kind

What's a gasoline license worth today? Perhaps $40,000, perhaps more, in Wilmington. The new gas station on Main Street, opposite the Wilmington Plaza, is the one that was built with the license granted to Wilmington Ford. The reputed sales price of license and about an acre of land was $60,000.

Selectmen's Meeting

(Fr. Fr. Pg.)

But, although there was no actual vote for it, the consensus of the board was that a sixty foot right of way would do the trick.

A hearing is to be held in the Cambridge Court House on Tuesday December 17th by the Middlesex County Commissioners on the eighty foot layout, as proposed by the State DPW. The hearing is scheduled for 1:35 pm.

Application for liquor licenses were read by the board, and all present licenses were renewed.

Walter Bahia of Marcia Road had a short session with the Selectmen at 8 pm. He wants to operate a pool room at 456 Main Street. With him was the lady who owns the building, where the Wilmington Press was formerly located.

There was little discussion. Jim Banda made a motion to have a hearing, but it was not seconded, and after a few moments the chairman declared the motion lost.

Both Bahia and the lady tried to speak. They were allowed only a few minutes.

Bahia said that he planned to operate a 'clean' place, and that it would be better for the boys to be in a well operated poolhall than out on the streets.

Mrs Drew said that the selectmen didn't want any poolhalls in Wilmington.

Other Business

There was an application for transfer from Reserve to the Veterans Retirement Fund. Referred to the Finance Committee. The Incorporation of the Wilmington Minuteman Company was approved.

A hearing was set for December 16 for NET&T to set 5 poles on Adams Street and approval for the maintenance for 5 poles on West Street was granted.

A letter written by Alan Altman, Town Counsel, was signed by the Board to the County Commissioners stating they agreed to the relocation of the 129 bridge and that the Town will acquire the land and conduct hearings on this.

The Town Manager requested that they sign a letter to the County Commissioners to reserve the Chapter 90 Funds for specific repairs to Lowell and Woburn Streets.

George Boylen read a letter dated November 13, and postmarked much later much later was noted from the Human Rights Committee for a meeting invitation on Nov 21st. Since the Board was not notified in advance they could not attend.

A hearing scheduled for 8:15 on the Benevento Gravel operation was cancelled, with the Town Counsel appearing and suggesting an executive session with compromises to be worked out and a notice of revocation for a gas storage license to be discussed.

The Board went into executive session at 8:15 pm.

LETTER TO THE TOWN CRIER
AND THE CITIZENS
OF WILMINGTON

We of the Wilmington Chargers 'Pop Warner' football organization wish to extend our heartfelt thanks for the excellent newspaper coverage of our activities during this past season.

We feel that it, in no small way, helped contribute to our 'A' championship decisively and we almost had still another championship with our first year 'B' team.

We wish to thank the members of our Women's Auxiliary, our Board of Directors, and our Coaches for the long hard work they have put into this year. We also wish to thank the American Legion without which we cound not have conducted many of our functions. We are very impressed with the citizens of Wilmington who cared enough to make our game attendance one of the best in the league and those wonderful people who bought our decals during our fund-raising drive last September

Not to be overlooked are the Wilmington Boosters and the Wilmington School Department for the use of the athletic field and the refreshment stand, and the fantastic reception we received from the police and fire departments, and the Crusaders through Mr James Micell.

We have not experienced the juvenile delinquency problem that some of the surrounding towns have due to such citizens who care for the welfare of the children of Wilmington.

Thanks again and I only hope next year is anywhere near as successful as this year.

George C. Nelson, President
Board of Directors

LETTER TO THE
EDITOR

December 2, 1968

Dear Larz,

I wish to reply to your editorial on the young peoples' interest in the grape pickers strike It is unfortunate that you missed their open forum which served as a preamble to their picketing activities at local markets that continued to sell California grapes. It was an extremely fair and informative presentation.

It would have answered the charge oftem made by the growers (and repeated in your editorial) that only two per cent of the pickers are interested in the union. The fact is that the struck growers have never allowed a vote on the issue.

Rabbi Lantz, who was sent to study the problem in California by the growers organization, reported that this is a gross understimation of union strength. His conclusion was reached on the basis of personal interviews with many workers there.

Those who attended the meeting discovered that farm workers are a last vesige of labor oppression in our country.

They are excluded from coverage in Federal labor and minimum wage laws. Vast groups of farm workers are exploited with substandard wages and dehumanizing conditions. With no rights under the law to seek elections or participate in collective bargaining, they went on strike.

The growers then brought in illegal Mexican laborers to work the crops. Thus, the pikcers have nowhere to turn except to us, their fellow Americans, the consumers.

Wilmington must be proud of its energetic and creative young people, who have, through their concern and persistent action, shown their humanness. This is not the only challenge that moves these students.

On December 9, at the Wilmington High School Auditorium they along with the adult Human Rights Committee, are presenting a lecture by Dana Chandler, famous Black Artist and Philosopher.

The Town Manager has noted in his recent report that Wilmington is no longer just a bedroom town. As the town becomes an integral part of the larger metropolitan community, we must expand our understanding of the complex world in which we function, in order that we may responsibly participate in democratic decisions.

Moreover, we must be willing to act in accordance with our understanding. The youth are to be commended on their role fo leadership in both education and the activism.

Yours sincerely
Jack C Mettauer

Dear Mr Neilson:

I am writing concerning the article in last week's Town Crier entitled 'The California Grape Story'. If the Town Crier professes not to know the answers, it should not pretend to give any I am one of those youngsters you referred to and I am 100% certain of what I am doing. I realize that you canot be aware of every issue that comes up, so I will try and fill you and some of your readers in on the background of the California Grape Boycott.

There are over two million farm-workers in the United States They live in the most miserable conditions. None of them fall under the protection of the National

Nosey Nancy

Send your announcements to Nancy, Box 208, Wilmington, or call 657-7141, or after five, 658-4865. If I'm not there, I'll call you.

It's a great week this week - Wilmington people and their relatives are the greatest! Mrs Woodside has collected bags of stuff for Nancy Sullivan and I've directed at least a half dozen more to her, and Nellie made six pairs of slippers and is helping wrap this week (Did you clean out that stuff for Nancy's Operation Wrentham) Had a telephone call from two gals that are 85 and 91 who reside in Somerville who have collected some thins, and I'll be picking the things up this week. So, let's get with it She needs them by next weekend!

Then Mrs Michaud came in to get Jerry Rooney's address. Her Sunshine School classes are going to make Christmas for the Mission

Joan Maga of Oakdale Road has made a dozen tic-tac-toe games out of felt, a one gal project to go with the next afghans, and now she is confined for two weeks to the house on crutches, so she is now making them for Operation Wrentham too! That's some gal to think of others when she is laid up herself - Cards to her folks, while she is confined - Mrs Joan Maga, Oakdale Road, Wil... And others to.' cards are Dave Sullivan, the mail carrier who has been for a month in the Winchester Hospital with a back operation...Sorry about that, Dave. We didn't know!

A lovely note of Thanks from Norma Castonguay, the Chairman and Evelyn Norton, secretary of the East Branch of the Congo Church thanking me for the notes about their Fair...We're glad we could do it, and that it was such a howling success.

Sgt. Bob Perreault sent us a card from Vug Tau, VietNam: 'Hi Nancy, I guee it is about time I sent in my postcard to you ant the TC in thanks for the help you have both given me while I have been overseas. I leave Vietnam in 60 days to go to Okinawa. Many thanks again...Bob' Sorry we didn't notice this sooner Bob. The card was taped to the Wall at the TC AND I only discovered it today by chance. Looks like you'll be in Okinawa by Xmas Don't forget to let us know your new address. We've posted your card with the rest...and we'll be covering them with you fellas cards for Christmas soon, we hope...And am looking forward to that...They were lovely last year, and the folks stopped in regularly while downtown or taking the train to see them

Ronnie Park wrote last week: 'Dear Nancy, I have a few extra minutes to write. I got here in Texas on the fourth of November I drove from Illinois, where my sister lives. It's 1280 miles from there to here. It wa a long trip but very interesting at times.

'I did hit a lot of bad weather which stopped me from getting pictures.

'Sorry I didn't get to seeyou again but had to cut my leave short at home to get to Illinois to sign papers on my car.

'Texas is all right, I guess, I wish I was at Mass instead have seen a little snow down here but it just lasts a few minutes. It's a big deal for some people to see snow. It's that time again for the people to REMEMBER the GI overseas once again. I just know that the GI's will be happy to know someone is thinking of them.

'Although I won't make it home for the holidays, I feel I am lucky because I am in the US this year.

'Have you tried the (C) rations yet? Have any more boys got home from VietNam lately? I sure hope a few more will make it home for the holidays.

'During the time home I sure did see a lot of changes in the town. I want to say good luck to the high school football team in the next game. I saw only two games which I wished could have been more. They sure did a real good job too. I guess I would have to say Mike is the top player of the team.

'Well not much to write about,

The Austin Chapter consists of 13 seniors and 6 juniors, chosen on the basis of Scholarship - Leadership - Service and Character.

CONGRATULATIONS TO the POP WARNER Cheerleaders who took first of 26 teams in the Competion at Randolph. Hear they got 24 out of 25 points. These teams were members of the Suburban Pop Warner League. Special credit goes to Mary Lipsky and Fran DeLisle and their excellent work as coaches, and we are certain part of the winning was due to the excellent performance of Marie Elena Catalano, who is just three years old!

St Dorothy's CCD High School Principal William Finn told this gal that there would be a Folk Mass on Wednesday night, December 11 at 7:30 pm, sponsored by the CCD High School Staff. All the catholic youth and young at heart are invited to attend. The Mass will feature the Entertainer Jim Blute, and we assume will be held at St Dorothy's Hall. THE WILMINGTON HUMAN RIGHTS COMMITTEE: Will present Dana C Chandler Jr., next Monday, at 8 pm in the Wilmington High School.

Mr Chandler is shown with his daughter Dahna, holding a self portrait which was called Angry Black Artist, and which was defaced in February of this year, in Lexington, along with seven other paintings. Other paintings of Chandler have been destroyed since then, including one eight foot portrait of Stokely Carmichael.

He is a graduate of the Massachusetts College of Art (1967) and a resident of Dorchester, and his works have been widely shown, in more than 100 shows during the past year.

Most of his work is devoted to the mistreatment of people of his race, and is often in very graphic, brutal terms. But he works on other subjects, including the aspirations of his people. He prefers to be known as a Black Artist, for reasons which he will explain next Monday.

Labor Relations Act (NLRA) which was passed in 1935. They are therefore denied the right to collective bargaining, minimum wage, unemployment insurance, and in most states, protection under Workmen's Compensation and Disability Insurance.

Due to the seasonal character of their work, and also to the fact that few people consider agriculture to be an industry, farmworkers are hard to organize. Most Americans think of agriculture in terms of small, modest 'family farms'. In California, they call it 'agribusiness', and it is the second largest business in the state brining in over 4 and 1/2 billion dollars annually. According to the 1959 census, 6% of California's farms own 75% of the land and 5.2% of the farms pay 60% of farm labor wages. When back in 1965, farmworkers under the leadership of the United Farm Workers Organizing Committee (UFWOC) walked out of the fields of Giumarra Vineyards. This is what they were up against.

Giumarra Farms cover 12,700 acres, 19 square miles. Farms The company receives 246,882 dollars annually for not planting cotton, conserving the soil. Over 6300 acres of Giumarra land are in table grapes, giving him the largest and finest table grape land in the country. His volume dominates the market. Small farmers are subsumed by his foreclosures of mortgages (cf. Giumarra vs Yoshikawa, a Watsonville Strawberry farmer with 5 acres of land Los Angeles Sup. Court #685752)

The Town Crier reported a Mr Mendoza as saying that 'only 2% of the workers in the grape-field area have joined the union, and they don't want to'. Since no law forces growers to hold elections in their fields, they refuse to test sentiment. Originally, several thousand farmworkers walked out.

But now, only 1500 workers remain 'on strike'. Growers can obtain workers in Mexico. They hire people without informing them that a strike is on. Title 8, Sec 211 (b) of Public Law 414 states that alien immigrants (green carders) cannot be allowed to enter the U. S. for employment in an area where there is a certified labor dispute. The farmworkers union (UFWOC) has no large fund for their strikers. Union members are poor. Even those who do want a union, must work or starve. Union pickets have been so harrassed at Giumarra, that Cesar Chavez has ceased all picketing. It is effectively impossible to strike in California. The growers financial and political power is too great, and workers are too poor and unprotected by laws

The present boycott is a last resort. It is NOT illegal, since farmworkers are exempt from the NLRA. Because of the impossibility of an effective strike, a consumer boycott is the only effective, legal, non-violent way of putting pressure on the large growers That is why some of the youth in

(Fr. Pg. 7)

Wilmington have made a sincere effort in picketing stores which carry California grapes.

California has the best farm labor laws in the country. Wages and conditions in the state, though very bad, are still the best in the country. Something is lost between the law books and the fields however, The cry of Southern slave holders just before the Civil War was 'the slaves are happy. We treat them well. They eat and have decent homes.' No matter how well the slaves were threated, they were still slaves and slavery is wrong. There is a point involved here that is far more important than wages or hours. The point is freedom, dignity, honor, hope for the future.

There is much superficial talk of law and order. There are laws to safeguard the dignity of men, but these are on paper.

In the hearts and consciences of the men, the real struggle is waged All the money and political connections of the growers, and all the fearful turning toward the right of the American voters cannot stop wrong from being wrong. Only putting justice and love before power and money offers us any hope at all.

I am certain that this is how the majority of us 'youngsters' feel and I hope that this clarifies the issue a little more I would also like to say that before Youth for Human Rights becomes involved in anything, it first educates its members. We realize that involvement without education is futile and it hinders rather than advances any effort.

Sincerely,
Jane Emery,
Chairman of
Youth for Human Rights

A LETTER SENT TO ALL MASS FOOD RETAILERS BY MALCOLM MC CABE

The California grape handling boycott has ended! Start selling them now.

The crop is in. The crop is being sold by retailers, chains and independents, all over the country and will soon be all gone. Limited trading areas in eastern Massachusetts were targeted for picketing and played one against the other by the clever west-coast organizer, and the local unions which supported him. Local clergy and some customers were enlisted for picketing of stores. It worked

Now the ORANGE AND GRAPEFRUIT people are being faced with the same 'demands' the grape people have faced.

The success of threats of store pickets in central and eastern Massachusetts is being used to scare citrus industry out of the northeast U. S.

The citrus labor campaign will hit ALL OVER NEW ENGLAND It is well financed. Organized labor wants the 'farm-workers exemption' from the National Labor Relations Act removed and is willing to spend millions to reach this objective. It is a job for Congress, not retail grocers.

You, and your food store, will be forced to 'front' for labor's demand. You will be compelled by orce to stop handling citrus fruits next.

This battle is NOT the retailers Our job is to feed the people at the lowest possible cost in the most efficient way we can.

We will not be forced to neglect this responsibility. The time to fight TOGETHER is NOW. 'Deals' by individuals will kick back on those individuals because that is the other fellow's game, and he is a master at it.

Malcolm McCabe

Dear Larz,

I think our citizenry should be lauded for having been so progressive as to have voted in favor of liquor permits for hotels. This legislation will allow future Wilmington innkeepers to derive the revenue from the many luncheons dinners, conferences, and conventions of businessmen from our growing industrial community.

Additionally, visitors to and the citizens of Wilmington will have a place to lunch and dine at which they may have a cocktail before or a beer with their meals.

This is something the town has lacked for many years and few can refute the fact that this is then a change for the better.

Now it merely remains for the town to grant a similar license to Rocco's Restaurant, if only to justly recongnize the faithful service to the community by an establishment of this propriety.

Thank you,
Joe Beaton

Several residents of Wilmington have told the Town Crier that they thought Rocco's would get a license to serve alcoholic beverages, when they voted for Section D, in the election in November.

Possibly there is a provision which would allow the Selectmen to establish conditions for service, in Section A, to restaurants with 100 or more seats, such as there is at Rocco's. ED.

YOUR Pharmacist SPEAKS

By Louie

Why do we catch cold?

It's not just because we get our feet wet or sit in a drafty place. Catching a cold, like catching other contagious diseases, is primarily a matter of exposure.

Families with youngsters often have more colds because the kids are likely to bring infection home from play or school.

Also, it may just seem that some people have more colds than others.

Colds and cold-like illnesses cost about $5 billion and 150 million lost workdays every year.

The chance of finding a shot that will stop them seems remore. I guess we'll just have to suffer a little!

There are helpful cold remedies available at the SILVER LAKE PHARMACY, 52 Main St., Tel 658-4617. Open 9 - 10 EVERY day. Complete prescription service. Keep a box of Whitman or Candy Cupboard Candies on hand for holiday guests. Greeting Cards. Cosmetics.

HELPFUL HINT: When hanging nylons or leotards outdoors to dry, slip a teaspoon into each toe. This prevents the hose from wrapping around the clothesline.

Planning Board

PROFESSOR ELIOT TO STUDY OLSON ROAD

At the end of a two hour session with Professor Charles Eliot, Tues day night, it was proposed and he accepted the idea of a study of the possiblities of constructing Olson Road a 'paper' street that goes alongside the Fire Station, from Church Street.

The proposal was made by Danny Gillis, who spoke of the many times a proposal of this type has been made, ever since the days when Chandler Manning drew a sketch for the idea back in 1915.

Professor Eliot will try to determine whether a road can be started from the vicinity of Cain's Garage, on Main Street or Lowell Street, and go towards the Fire Station and then across Middlesex Avenue and Clark Street, and behind the DeMoulas Shopping Center to eventually rejoin Main Street somewhere in the vicinity of Rocco's Restaurant.

The board and Eliot agreed that studies have to be made on a number of subjects, for the annual Town Meeting. One of the subjects will be a revision of the Zoning By Law with particular reference to the provisions for a Stadium, in Wilmington.

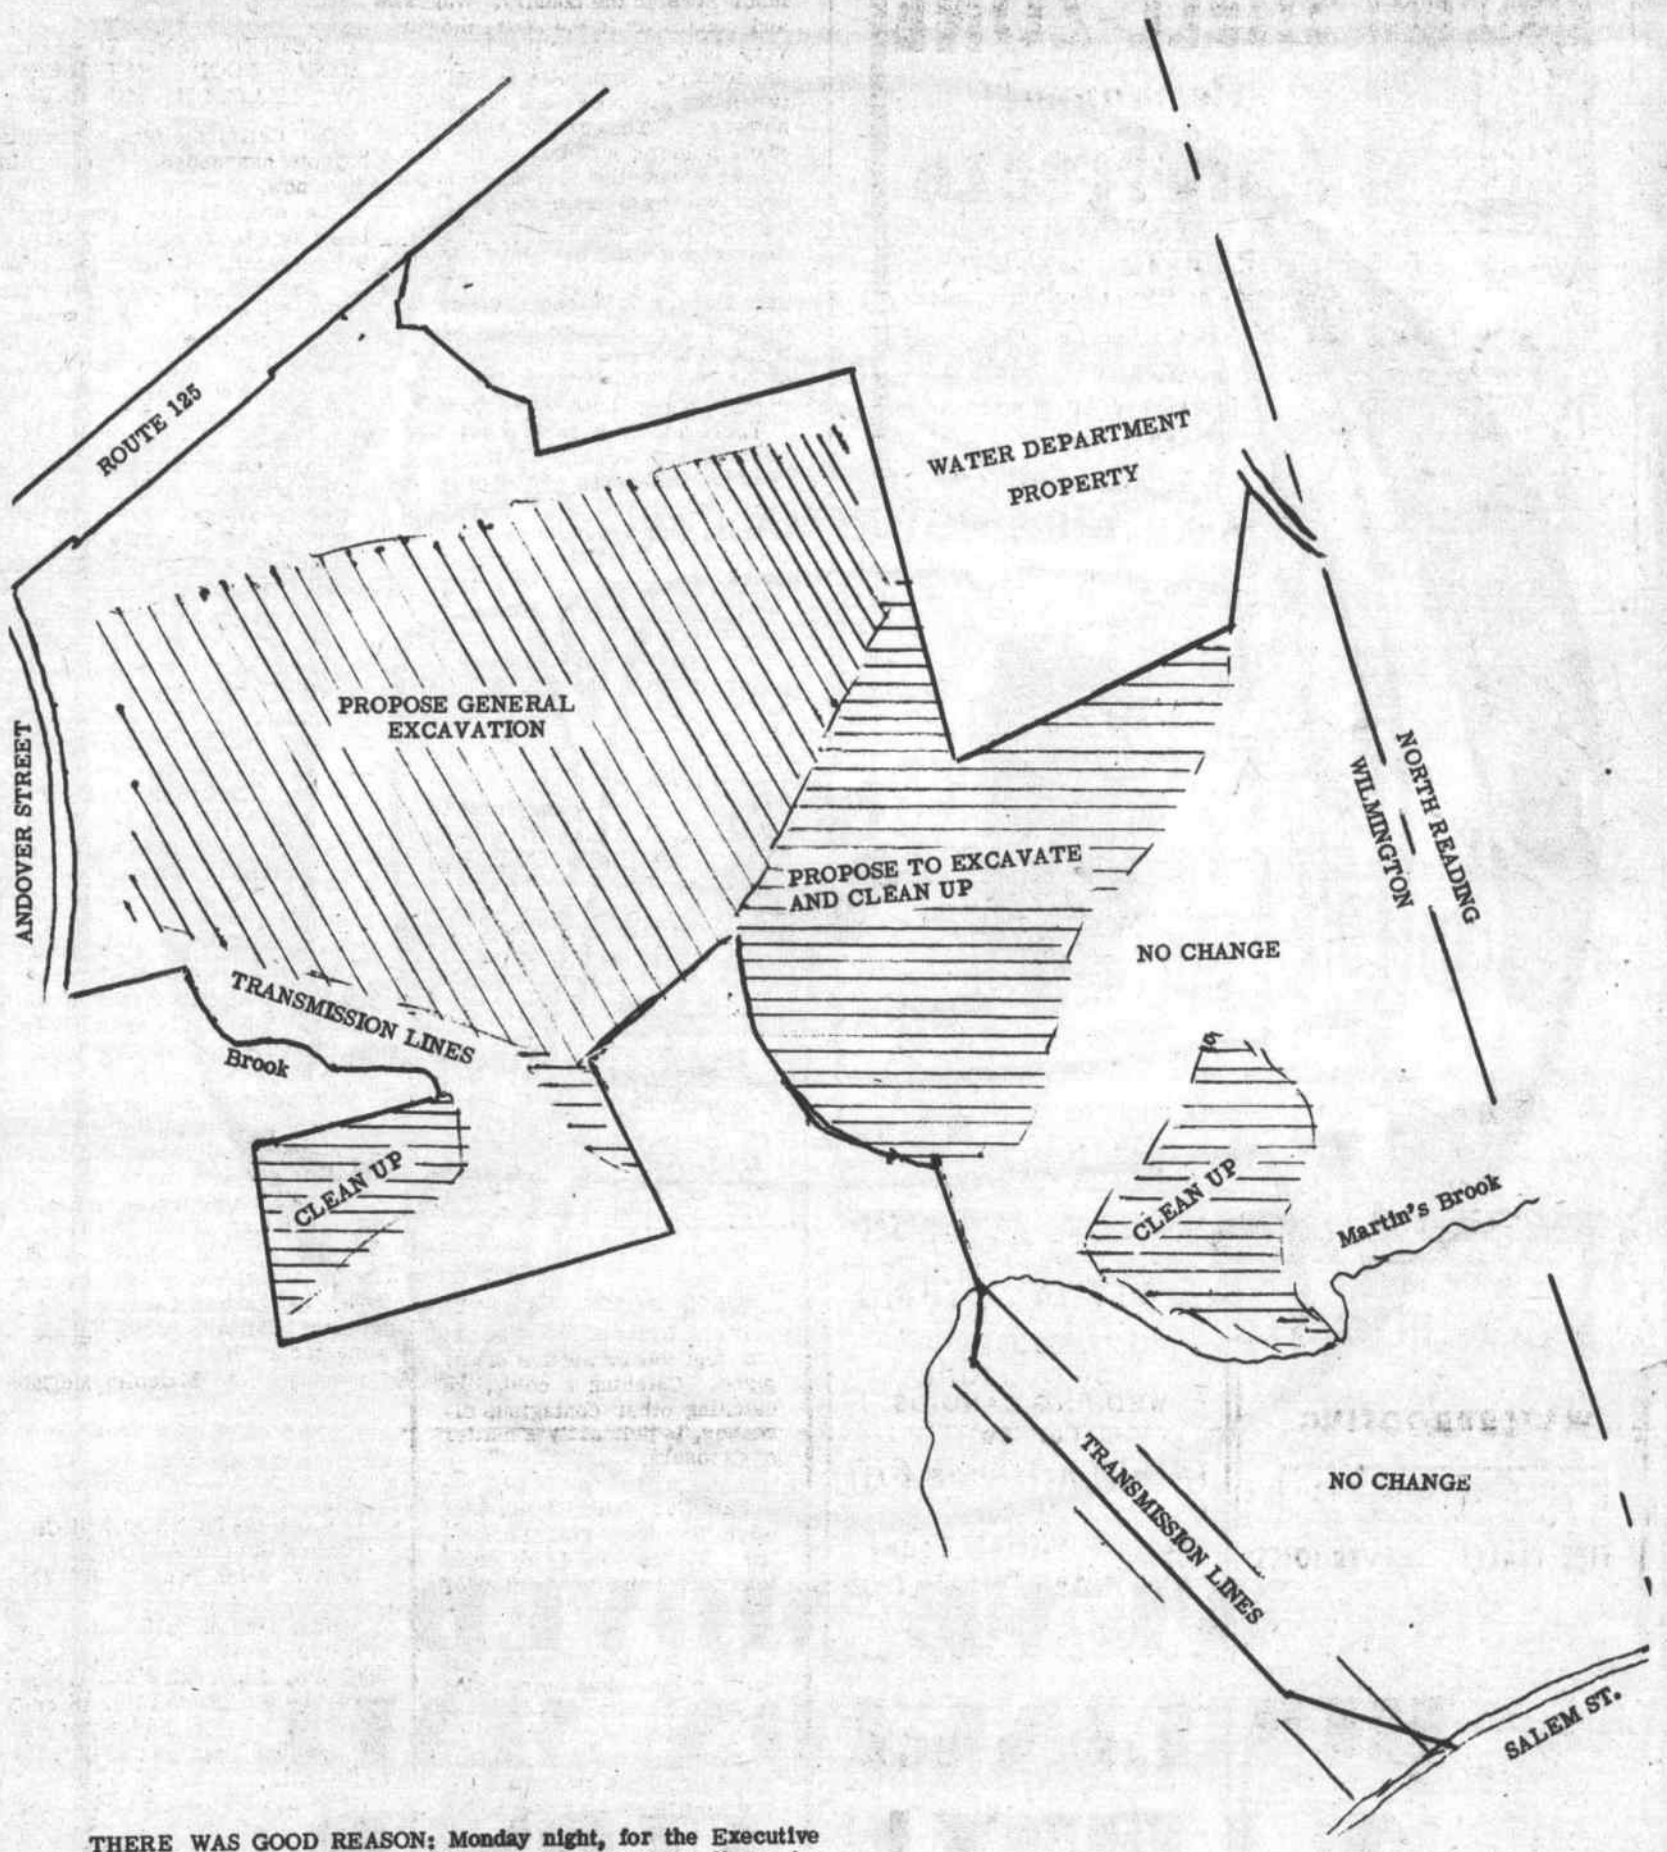

The board accepted a bankbook for $12,000 to guarantee the construction of the new roads in back of the former Veteran's Housing, on Wildwood Street.

It voted to release $20,000 of the bond put up by the Jackson Brothers, on the streets in Allen Park. A letter was received from the brothers saying that the 'binding coat' of the streets was now in place. $55,000 had been released from the bond, previously.

A letter from A P Rounds of Stoneham wanted a release of $5000 in bonds, for sidewalk construction in Section III of Hathaway Acres. The Town Engineer has not had the time to inspect the work, as yet.

The board voted to send a Certified Mail letter to the developer of Alderwood Estates, warning him that they were ready to start proceedings leading to the forfeiture of his bonds, on account of unfinished sidewalks.

What The Selectmen Talked About

THERE WAS GOOD REASON: Monday night, for the Executive Meeting on the part of the Board of Selectmen. They were discussing the Benevento Gravel pit, in North Wilmington, and the discussions might well end up in court.

The Selectmen have been asking the company to get a license. The company is willing, but wants to continue to expand its operations into areas in which they started in 1967.

Approximately 200 acres are shown in this sketch. The white spaces are proposed by the company to be left as they are at present.

About 20 acres is propsed for a Excavate and General Clean Up operation, shown by the horizontal lines. About 57 acres is proposed for General Excavation, much of which is in the area opened up in 1967. The General Excavation area is shown by the diagonal lines.

ICE CAPERS PROGRAM AT BILLERICA FORUM

An Ice Capers program, which is to benefit the Andover High School Hockey Team, is to be presented at the Billerica Forum, on Route 129, Friday Dec. 13th at 8 pm.

The money is being raised to send the Andover team on an unprecedented tour of Russia, East Germany, Poland, Switzerland, England and France. It is hoped that the trip will take place on Feb. 9-21.

The idea is the brainchild of Andover High Hockey Coach Charles Vars, and others working to make the trip a reality include Congressman F. Bradford Morse of Lowell.

Two Wilmington boys are on the squad of All-Star High School players who will take part in the Friday night program, John Gionetti and Jim Cushing.

The show will also include the North American Pairs Skating Champions, Cynthia and Ron Kaufman, Boston Bruins Gerry Cheevers, Fred Standfield, Tom Williams, Don Awrey, Eddie Shack and Gary Doak.

A group of seven girls, ages 11-13, the Silver Ornaments, competitive skaters from the Boston Skating Club will also be on the program.

Reserved tickets, $3 each, are on sale at LeFavours Ski Shop, in Wilmington Center.

WE'VE MOVED BURLINGTON MALL A LITTLE CLOSER TO WILMINGTON

Now there's a new, faster way to drive to the Mall.

New Burlington Mall Road.

Take Route 3A past Burlington Center, and take the right hand turn just before reaching Route 128. That's Burlington Mall Road. It leads directly to Burlington Mall and Middlesex Turnpike without having to wind your way through back roads. We think you'll find it's just like moving the Mall a little closer to Wilmington.

The Publisher has a New Hat

CAPT. WILLIAM G MEYER, of the Wilmington Company of Minute Men extends congratulations to the publisher of the Town Crier, as an Honoray Private, in the Minute Men. Lieutnant Frank Curley of Hanover Street looks on.

It was about twenty three years ago, give or take a few days, that the man who is the Editor-Publisher of the Town Crier swore off wearing hats.

And it took the Wilmington Company of Minute Men to change Capt. Neilson's mind. That august group of gentlemen presented him with a new hat, recently, and the possibly glamourous honor of being the only Honorary Private in the Wilmington Company of Minute Men.

If that company had such a rank as Buck Private Capt. Neilson would probably have ended up with that rank - but there were no Buck Privates in the days of the Revolutionary War - so he is now a High Ranking Private (Honorary).

In late November 1945 the Chanute Victory, a troopship under the command of Capt. Neilson arrived at Pier 6, Staten Island, in New York Harbor with about 2000 troops - home from France and Germany.

Everything on the Chanute Victory was by System.

The docking would always be at 8:05 am., so that the men in the passenger lists (and ladies too) could have breakfast, and have everything put away, before the ship reached dock. Put them on the Troop Train with a Full Stomach!

And, as the troops debarked, the ship's Purser also went ashore, with the payrolls, and to draw the sum of $2,000, to be used in a payroll advance for the crew.

He was generally back on the ship before noon time, by which time all the soldiers had left, except for those permanently on board the ship. The ship would go out 'to the stream' to await a tugboat and pilot, which would be used to take the ship to North River, up where all the Ocean Liners dock in peace time.

But, on this particular day in November 1945, the pilot and tugboat did not arrive on schedule. All afternoon the Chanute Victory sat at anchor, off Staten Island, awaiting pilotage to the Great White Way.

The purser advanced money to the crew, while the Captain sat in his cabin, and cursed the mounting wind.

Finally, after sun set, at about 5 pm, the Purser presented himself at the Captain's Cabin. All the crew had their money. There was exactly $200 left over. The Purser put that $200 on the corner of the Captain's desk.

To understand what happened next it might be well to explain something about the hats that are worn by Ship Masters. They cost, at that time, $35 apeice, which was a lot of money. The cost was for the gold braid on the visor, which was more or less irreverently called 'Scrambled Eggs' by the members of the crew.

As the Purser put the $200 on the corner of the desk there came from outside the vessel a series of toots, from a towboat whistle. The tug and pilot had arrived!

So the Captain grabbed his cap and started for outside. In a second or so he stopped. He could not leave the money on the desk!

He went back, picked it up, and put it in his pocket. Then, with one hand, he opened the outside door.

The wind was quite strong. It grabbed the Captain's Hat - right off his head.

With an involuntary motion both hands went up to grab that cap - to save it. After all that cap had cost $35!

And in one of those hands was the $200, not yet safely put in the Captain's pocket.

The wind grabbed that money, and blew it over the side and into the murky waters of New York Harbor. Every cent of it was lost, and the loss was personal to the Captain, for all accounts for the operation of a vessel are in the Captain's name.

And that was when Captain Neilson swore off the wearing of hats!

But - when the Wilmington Company of Minute Men offered him a new hat - at no cost to himself - well, that's different.

And now he has a hat. Maybe he'll wear it on Memorial Day, or something like that, when the Wilmington Company of Minute Men appear in Parade Formation.

After all, he is an Honorary Private.

The Minute Men

The reader should not confuse the Wilmington company of Minute Men with any of the super-patriotic organizations which have been organized in California and other places.

The local company has no interest in politics, or kindred subjects.

It is formed to celebrate the fact that Minute Men from Wilmington played a valiant part in the Battle of Lexington, on April 19, 1775. Only towns which furnished men for that battle can form such a company, in Massachusetts.

And this week, in the Selectmen's meeting, the Articles of Incorporation for the Wilmington Minute Men were approved. They will soon be in actual existance.

They meet every other week or so, and the time is spent in discussions of the type of uniform to be worn, equipment, etc etc. Some of the ladies in the Evening Practical Arts School, in the High School, are making those uniforms.

Personally, the publisher of the Town Crier hopes that those Minute Men will take part in the 1969 Memorial Day Parade. He'll be there, if they do, with his camera - and his hat!

The Cockade

One word, about the decoration on the hat of the Wilmington Minute Men.

The Cockade, or emblem worn on the side of the hat, for the Wilmington Minute Men, represents the Baldwin Apple, which was originated in Wilmington by men of the Butters Family.

And one member of that family was among the men who marched on Lexington Day.

(The material in the following columns was prepared for publication before Thanksgiving, but lack of space has forced the delay in publishing. Much of it is still timely news. ED)

Sgt. Tommy Pote takes the prize this week.

The Marcia Road boy spent over a year in Vietnam, and came home for a few days, and then left for Fort Bragg, No. Carolina, where presumably he has just arrived.

But he didn't say a word about having received the Bronze Star for Gallantry in Action!

He didn't say a word to his folks, and he didn't say a word to the Town Crier. Yesterday was the first that the Town Crier knew that Tommy had the Bronze Medal.

His address, of course, is not in the Christmas List being published with this week's issue. All the Town Crier knows is that he is at Fort Bragg.

Jimmy Webster, of Andover St., (at least of Andover Street before he got married last summer), who has been at DaNang for about a year now, is due to leave for the good old USA in about five weeks.

He will probably be home for a few weeks, after which he will have duty in Maryland.

William 'Chicky' Lowell, Airman 1C is home for a leave of a few days. He was out at an Air Base in Kansas, and will be leaving for duty in Tripoli on Saturday

Al Marfleet (the younger Al, of course, is now serving on the destroyer USS DuPont, off the coast of Vietnam. The vessel has been in action, and is credited with destroying four bunkers, three military structures, and about 125 yards of heavily fortified trenchlines, in its most recent action.

James Van Steensburg is serving as an Engineman Second Class on board the attack aircraft carrier USS Independence, now on a Mediterranean cruise. The Independence was in Genoa Italy on Oct. 24th., and before that had visited Spain, France, Greece, Turkey, Malta and Sicily. The 80,000 ton carrier has been in the 'Med' since shortly after April 1.

Sam Pica, of 9 Border Avenue has completed his nine weeks of Basic Training for the US Navy, at the Great Lakes Naval Training Center. He graduated on Oct. 14th., and perhaps is home for a couple of weeks leave, before leaving for his permanent ship or station.

Bill Tupper of Linda Road is now Specialist 5, serving with the 94th Artillery, in Europe. He recently received a letter of commendation for his outstanding accomplishments, during an inspection of the 4th Armored Division. Tupper achieved an 87% or 'Excellent' record, for what was described as 'many intricate tasks, associated with the Army Records System'.

This was his second such commendation. He was commended last February, during which he was named 'Best Soldier of the Quarter' for his Battalion.

Arthur Tupper, his father, has recently returned from a tour of Europe, and he and Bill took a two weeks trip in his Volkswagen from Nuremburg to Barcelona, and back again, via Paris and London. Some life, in the US Army!

John Kuckinski, of 4 Christine Drive, a 1968 Wilmington High School grad, is now at the Great Lakes Naval Training Center, undergoing his 'Boot' training. He should be graduating in time to be home for Christmas.

John has set his program to become an Electronic Technician in the Navy.

Derrick MacLean is home. He came home in August, after duty with the Air Force in Hawaii, and before that in Korea.

Another boy who has finished his duty with Uncle Sam is Kenny McFeeters, who was, and probably still is in the US Naval Reserve. Kenny completed his duty about the last of September, and is now living in Santa Barbara, California, along with Mrs McFeeters, who is the former Dotty Chapman.

Gary Balsar has completed his service with the Air Force. He was the young man who wrote from Pleiku, and said he wanted some Peanut Butter. - Remember?

Gary was stationed at St. Albans Vermont for the last part of his service, and had the rank of Sergeant. Now he has a job in that fair city, and is living there permanently. He has a job running a movie theatre, up there!

Bruce Mutchler, son of Mr and Mrs Ernest Mutchler of 3 Walker Street has been promoted to Sergeant, in the US Air Force. He is stationed near Landstuhl, in Germany, and is an administrative specialist at the Ramstein Air Force Base.

Chief Warrant Officer Joseph F Harris, USCG, of 2 North Street is serving on board the USCG Cutter Bibb, off the coast of Vietnam. His wife is the former Miss Helen Janes of 66 Chestnut Street.

Billy Pierce, of Marie Drive, is home after service with the Seabees. His father, Sylvester, celebrated by buying Billy a new car- brand new!

Airman Robert A Finney, son of Mrs Marjorie Finney of Jaquith Road is now at the Keesler Air Force Base in Mississippi. He is undergoing specialized schooling as a communication-electronics specialist.

Paul Farrell, son or Mr and Mrs Paul Farrell of 8 Mass Avenue has been promoted to Spec. 5.

Paul graduated from Wilmington High School in 1967, and went to work for Sweetheart Plastics for a while before joining the Army. He is now in the Army Engineers, and was recently awarded the military rating of Advance Engineer Equipment Maintenance Specialist, after specialized training at Fort Belvoir, Virginia.

The latest word, which is several weeks ago, is that Paul is now awaiting further orders.

One of the young men to be seen around town right now is Ronald Bouvier, son of the Watchmaker. He is home on 20 days leave from Sacremento, California, with wife and child. Ron is stationed at an Air Force Base near Sacremento.

George M Castaldo of North St. has been assigend to Otis AFB in Massachusetts, right down on Cape Cod. George gets home frequently as a result. He is a plumber, with the Aerospace Defense Command.

Alfred Lawrence, of 12 Gowing Road, is another young fellow who is home. Al was a Radarman, 3rd Class, and served 18 months with the Navy. He enlisted in the US Naval Reserve about two years ago, in Lowell.

Airman Donald C Farrington, son of Mr and Mrs Thomas Farrington of Gunderson Road is undergoing schooling as a Security Policeman, at the Lackland Air Force Base, in Texas.

Airman Farrington graduated from Wilmington High School in 1960, and received a B.A degree from the University of Massachusetts, last spring, before becoming a part of the U S Air Force.

John R Poloian, of 59 Washington Avenue, has completed his basic training with the US Marine Corps. He took his basic at Parris Island South Carolina, and is now undergoing further combat training.

Dennis Crispo, who was a Hospitalman 3rd Class, in the Navy, and was stationed at Quantico Va., is now home, his service in the Navy completed.

Also home, from the US Air Force, is James M Shine, of Grove Avenue. He completed his duty during the latter part of September

Arthur Zaino of Linda Road is at the top of his class, at Fort Ord, California. He recently achieved an average of 97.5.

Arthur has been doing Blood Researching and Processing, in the US Army Medical Corps.

Billy Rice, son of Mr and Mrs Irving Rice of 10 Hanover Street is now serving as a rifleman, in the Fourth Infantry Division, in Vietnam.

Billy Ethier is back in Vietnam for his second tour of duty, and - what do you know - right back at the place he left about a year ago! He is stationed about fifteen miles south of CamRanh Bay.

Philip Fenton is home for Christmas and New Years from Lowry and then will be off to Thailand; David Orndorff is home Peter Medico is living at 150 Salem St in Tewksbury, working from the Fargo Bldg, and Bob McNapp is home.

At 658-6154 they have a Xmas Puppy, 7 weeks old, German Shepherd that they woud like to give away. Both his father and mother are German Shepherds, but no papers. So make some kid happy, call them!

Speaking of Christmas, we have a really sad tale to tell, and it is contrary to most everything that is going on in town right now! Forest Street went shopping for her son who was overseas so that he could have a Christmas...She was driving her 58 Black Olds down at the shopping center. She purchased incidentals...such as the toothpaste, and can opener, pens etc at Simons; then from DeMoulas she got canned soups and tuna etc Then she went into Grant's to get his chinos and sneakers that he wanted...Now, while she was in Grant's somebody, and we have an idea maybe, cleaned out all the new things from her car... and Three of the four doors were locked, so the person must have been watching...Now if that person is in need, let us know...but this really makes me sick...if they will put it on the bench in the Depot, nobody will ask questions about it, but it's a weird and rotten trick, so let's help the MacInneses out, huh please? (She is Mrs Isabelle the mother of Danny!)

Big Joe LaCreta is back in form after repairing the broken ribs and will be wrestling at the Garden on December 16. His circuit will include Athol, Springfield, Salem and Worcester in the next few months...The broken ribs? He said the fellow (his opponent)..... picked him up and threw him on the floor outside the ring and then proceeded to jump on him! Wow some sport...Imagine the size of that giant...Would think Big Joe would have nightmares!

Met Mike Weinberg in Okie's this morning and he said I could quote him that he'd rather shovel rain than snow! Wouldn't we all?

Bantams Still in Second Place

The Wilmington Youth Hockey Bantams won again, in the Shawsheen League, Sunday night, topping Chelmsford 3 to 1, and maintaining their second place standing behind unbeaten Burlington.

Chelmsford scored first, early in the second period, to lead 1-0. Johnny Trickett soon tied it up with his first goal of the night, and put Wilmington ahead to stay with his second goal, at about the nine minute mark of the same period. Frank McLean added the finishing touches for Wilmington in the final period.

Johnny Trickett, improving steadily, played his finest game this year. It was a good one too, for Bob Zwahlen, back in the goal after a brief absence.

The Win set up the Big Game, with first place Burlington, who inflicted Wilmington's only loss, earlier in the year. Burlington is now 7-0 and Wilmington is 6-1.

Youth Hockey personnel, both young and adult, will be selling decals this Saturday to raise funds to continue what has become one of the most successful youth and recreation programs in the town.

NO DOG NO SPEECH

There was no after dinner speech at the Rotary Club luncheon yesterday.

A blind man, with a Seeing Eye Dog, was to be the speaker. But the dog died, on Tuesday, and the speaker had to immediately leave for the Seeing Eye Headquarters, to meet and become acquainted with a new dog.

Rotarians finished their luncheon at the unusual hour of 1 pm.
